

# Errata-Corrige. Fl. Medit. 31 (Special Issue)-2021

MABBERLEY, D. J.: The “London” Australian natural history drawings of Ferdinand Bauer (1760-1826) – revisited

**Page 69, line 2:** “what looked like” **should read** “what it looked like”

**Page 70, line 1:** “by using referring” **should read** “by referring”

COLASANTE, M. & AL.: The genus *Iris* as a critical taxon in establishing an integrated approach to Italian plant biodiversity

**Page 230 replace Fig. 15 as follows**

|   | Plant arrangement   | Pollen grain & ornamentation  | Chrom. N. | Anthesis   | Species & Distribution   |
|---|---|---|-----------|--|--|
| 1 |   | Intectate<br>   | 2n=16     | March - April                                      | A <i>I. pseudopumila</i> Tineo<br>Sicily, Apulia, Molise<br>  |
| 2 | <br><br> | Semitectate<br><br>   | 2n=24     | May - June   | A <i>I. pallida</i> Lam. Austria, Italy<br>cult. & naturalized<br>B <i>I. reichenbachii</i> Heuff<br>Greece, Balkan Peninsula<br>C <i>I. variegata</i> L. Germany,<br>NE-Italy, Balkan Peninsula<br> |
| 3 | <br><br> | Partly Semitectate<br><br><br> | 2n=40     | A March - April<br>B March - April<br>C May - June | A <i>I. lutescens</i> Lam. C & NW<br>Italy<br>B <i>I. bicapitata</i> Colas. Apulia,<br>Italy<br>C <i>I. marsica</i> Ricci & Colas.<br>Abruzzo, Italy<br>   |
| 4 | <br>  | Semitectate<br><br>   | 2n=44     | A March - May<br>B March - May                     | A <i>I. × germanica</i> L. Cult. Italy<br>& <i>I. × florentina</i> L. Cult. Italy<br>B <i>I. × albicans</i> Lange Cult. Italy<br>  |
|   |    | Semitectate<br>  | 2n=48     | May - June   | A <i>I. sicula</i> Tod. Italy (Sicily,<br>Sardinia), Balkan Peninsula,<br>Israel, Mesopotamia, Malta<br>   |

COLDEA, G. & CRISTEA, V.: Syntaxonomic characterization of the vegetation belts from the Southeastern Carpathians (Romanian Carpathians)

**Page 365, line 11:** “*Aremonio agrimonioidi*” **should read** “*Aremonio agrimonioidis*”

PODDA, L. & AL.: The vascular flora of the Marine Protected Area of “Capo Carbonara” (SE-Sardinia)

**Page 442 replace Fig. 6b as follows**

BAJONA, E. & SPADARO, V.: Chorological notes on the Sicilian endemic *Euphorbia papillaris* (*Euphorbiaceae*)

**Page 465, New site and ecology, line 14:** “(l.)” **should read** “(L.)”

DI GRISTINA, E. & RAIMONDO, F. M.: *Muehlenbeckia sagittifolia* (*Polygonaceae*), a new alien for the Italian flora

**Page 477, Abstract, line 4:** “*Muehlenbeckia sagittifolia*, native plant” **should read** “*Muehlenbeckia sagittifolia*, a native plant”

**Page 479, Ecology and uses, line 3:** “and medicinal use” **should read** “and medicinal use (Jankowski & al. 2000)”

**Page 479, legend of Fig. 2:** “in the area of Parco della Favorita” **should read** “in Parco della Favorita”

PAVONE, P. & AL.: New Aloes casual aliens in Sicily

**Page 489, Introduction, line 2:** “number of infraspecific species and taxa” **should read** “specific and infraspecific taxa”

**Page 489, Introduction, line 4** “in part naturalized” **should read** “partially naturalized”

**Page 489, last line** “It has recently been reported” **should read** “It has been recently reported”

**Page 492, Discussion and Conclusion, line 7** “to also be used as a therapeutic” **should read** “to also be consumed as a therapeutic remedy”

PICCIONE, V. & MALACRINÒ, V.: *Anredera cordifolia* (Basellaceae) invasive in the river vegetation of North-Eastern Sicily)

**Page 502, legend of Fig. 1:** “Arendera” **should read** “*Anredera*”

**Page 503, legend of Fig. 2:** “Arendera” **should read** “*Anredera*”

LASEN, C.: Biodiversité végétale, valeurs naturelles et sauvegarde du paysage dans le domaine dolomitique

**Page 524, line 25:** “qui tienne edonnée.sn compte” **should read** “qui tienne en compte”

**Page 527, sixth line from last:** “de type azonale” **should read** “de type azonal”

**Page 532, thirteenth line from last:** “etc.)” **should read** “etc.”

**Page 533, sixth line from last:** “quelques éléments” **should read** “quelque élément”

**Page 539, line 1 after Bibliographie:** “plaques photographiques” **should read** “planches photographiques”

**Page 539, line 3 after Bibliographie:** “plaques photographiques” **should read** “planches photographiques”

**Page 540, line 1:** “PLAQUES PHOTOGRAPHIQUES” **should read** “PLANCHES PHOTOGRAPHIQUES”

**Page 540, caption of Figure:** “Plaque 1” **should read** “Planche 1”

**Page 541, caption of Figure:** “Plaque 2” **should read** “Planche 2”

**Page 542, caption of Figure:** “Plaque 3” **should read** “Planche 3”

**Page 543, caption of Figure:** “Plaque 4” **should read** “Planche 4”

**Page 544, caption of Figure:** “Plaque 5” **should read** “Planche 5”
